XTREME PERFORMANCE

MAXIMIZE YOUR EXCAVATOR'S VERSATILITY ON SITE

WEIGHT & CAPACITY

Rhinox pallet forks are available for 4–25 ton excavators, with Working Load Limits from 1100–5511 lbs. Each set includes a 6-month LOLER certificate.

COMPATIBILITY

Thanks to multi-pin pickup, Rhinox pallet forks suit the most popular models of excavator in the industry. We also offer compatibility for the dedicated hanger ranges, such as Bobcat X-Change, Kubota Quick Attach and Deere Wedgelock.

FLOATING FORKS

Floating, adjustable forks pivot with gravity for easier manoeuvring. These 47" long, 4" wide HB400 forks provide strength and wear resistance.

HEAVY DUTY CONSTRUCTION

Built tough with reinforced frame, crash plate and brace bar to prevent tine bar buckling.

BUILT-IN STAND

Rhinox pallet forks include an in-built stand to prevent tipping and making reattachment quick.

COMPATIBLE WITH DEDICATED HANGER RANGES:

- ✓ BOBCAT X-CHANGE
- ✓ KUBOTA QUICK ATTACH
- ✓ DEERE WEDGELOCK
